A LOOK AT ENROLLMENTS AND COSTS

The table below shows the enrollments, expenditures and per pupil costs for the school years 1968-69 through 1979-80. Using 1968-69 as the base figure, the percent of difference is shown for each year, over the 1968-69 base year, as well as the percent of difference of each year over the previous year. It should be noted that transfer (non-programmed) expenditures have been excluded.

EDUCATIONAL EXPENDITURES - BY FUNCTIONS

Expenditures for education are recorded as expenditures of the General Fund, the Special Education Fund or the Capital Outlay Fund. Expenditures for the General and Special Education Funds are recorded or reported in the categories shown in the following tables. Because of the impact of the funds received from the Federal Government under the provisions of Title I of the Elementary and Secondary Education Act of 1965, expenditures for programs financed from this source are shown separately from those general fund expenditures financed by receipts from local, county, state and other federal sources.

Instructional costs consume 60.67 percent of the total expenditures.

* NOTE: All transfers to school districts within the state are excluded when determining per capita costs.

** NOTE: Expenditures include salary contracts and employee benefits payable June 30th on 1979-80 contracts.

Data for year 1963-64 through 1975-76 is found in Research Bulletin 3.4-5 (1975-76).

APPENDIX

SCHOOL DISTRICTS PROFILE

The following 97 pages represent a summary of data as reported by school districts for the 1979-80 fiscal year. The data on mill levies and valuations was reported by County Auditors as taxable valuations of 1979, taxes payable January 1, 1980.

ADM (Average Daily Membership) per square mile is the total ADM for 1979-80, divided by the number of square miles of the school district.

The school calendar is the information reported as a part of the accreditation application, Fall 1979, or amended.

F.T.E. (Full-time Equivalent) staff is as reported on the Annual Report and Teacher Print-out.

Education expenditures per ADM, general and/or special education, is the General Fund or Special Education Fund expenditures, minus adult education, tuition, less than full-time kindergarten, and transportation (board and room) to other educational agencies divided by ADM. If no exceptional enrollment was reported as part of the enrollment data no cost per ADM is recorded.

Other revenue sources reflect the transfers from reorganization, sale of bonds or promissory notes reported as local source revenue.
